The European Union and Global Capitalism
Magnus Ryner 2016-12-09
This book draws on critical theory to introduce readers to new ways of exploring questions about the EU from a political-economic perspective. Questions like: Does the EU help or hinder Europe’s ‘social models’ to face the challenges of globalization? Does the EU represent a break from Europe’s imperial past? What were the causes of the Eurozone crisis?

The Handbook of the Political Economy of Financial Crises
Martin H. Wolfson 2013-02-21
The Great Financial Crisis that began in 2007-2008 reminds us with devastating force that financial instability and crises are endemic to capitalist economies. This Handbook describes the theoretical, institutional, and historical factors that can help us understand the forces that create financial crises.
