about the Holocaust through fourteen essays by prominent teachers in the field.

The Holocaust's International Status of Education about the Holocaust: Carrier, Peter 2015-06-14 How do schools in countries across the world teach and learn about the Holocaust? How many teachers are knowledgeable about the Holocaust? How do students learn about the Holocaust? These are some of the questions that are considered in this book. It presents a range of perspectives on Holocaust education, including the impact of misconceptions and misinformation, the dilemmas of using atrocity images in the classroom, and the role of history teachers in promoting a better understanding of the Holocaust. The book is a valuable resource for all educators, including history teachers, policymakers, and researchers.

Teaching and Learning History: Patricia H. Hinchey 2004 Many American educators are all too familiar with the Holocaust, and they understand the importance of teaching about it in our schools. However, they may not be aware of the many different approaches to teaching about the Holocaust that exist today. This book provides an introduction to the field of Holocaust education, including the history of the Holocaust, the impact of the Holocaust on society, and the ethical and moral implications of the Holocaust. It is a valuable resource for all educators, including history teachers, policymakers, and researchers.

Teaching and Learning History: The International status of education about the Holocaust in Israel: Pinto 2019 This book explores the international status of education about the Holocaust in Israel, including the history of the Holocaust in Israel, the impact of the Holocaust on Israeli society, and the ethical and moral implications of the Holocaust. It is a valuable resource for all educators, including history teachers, policymakers, and researchers.
Holocaust and Consequences of Genocide(s) by Israeli teachers of Genocide (DAP) Marc-Philip Hermann Cohen 2021-06-17: The Holocaust is inseparable from the Israeli identities even seven decades following the atrocities during World War II, Israeli daily life is shaped by the horrible crimes committed by the Nazis. This book explores how these crimes are inscribed into the Israeli identity as a form, sustainable, and content-sensitive grammatical approach to the Holocaust. The government helps to fund student visits to Auschwitz, the Imperial War Museum's permanent Holocaust Education. This is a special issue of the Holocaust Studies: A Journal of Culture and History. The book includes an essay on Holocaust education and the future of the Holocaust education in a global context. The book explores the nature of these events and their implications for future educational initiatives.

Holocaust education in a global context—Focuspieces. Kari 2014-02-24: "International interest in Holocaust education has reached new heights in recent years. This historic event has long been central to cultures of the past, present, and future. Holocaust education in a Global Context will explore these questions."—page 10.

This volume presents insights from economists, social psychologists, and historians who have contributed to the study of Holocaust education and human behavior.

Teaching Holocaust Education 25 Years On—Stephen Carney 2018-04-12: This volume brings together leading research to reflect on the contrasting ways that history is used in Britain today.

The Holocaust is a pervasive presence in the curricula of many countries, and the Holocaust has reached new heights in recent years. This historic event has long been central to cultures of the past, present, and future. The Holocaust has long been central to cultures of the past, present, and future. Holocaust education has the potential to trigger, maintain, and exacerbate conflict, it has also been designed to promote a democratic education appears to be at a crossroads. As we consider how to best explore democracy and foster a more engaged public opinion in the political community, so is it to examine what forms of education have appeared.

Nationalism, ethnic cleansing, and the Holocaust are important topics in the study of Jewish history.
